

National Weather Service, NOAA
Cleveland, Ohio
serving northern Ohio and northwestern Pennsylvania,
SKYWARN Registration

SKYWARN is a National Weather Service program which consists of trained weather spotters who report significant and severe weather to the National Weather Service. These reports enhance the accuracy and timeliness of warnings, statements and forecasts. The SKYWARN spotter provides a valuable and significant service to the local community, county and state.

Please complete the application and return it to the SKYWARN instructor by the end of the presentation. (PLEASE PRINT CLEARLY)
